**PAXTON PRODUCTION TOOLS MOVING TO INDUSTRIAL SUPPLY  
COMPANY'S SALT LAKE CITY LOCATION**

*Paxton Production Tools completes its integration into Industrial Supply Company and will continue to give customers the same high level of customer service and cutting tools expertise.*

SALT LAKE CITY, UTAH, MARCH 2019 - On March 1st, Paxton Production Tools will move to its new location at Industrial Supply's Salt Lake City location at 1635 South 300 West, Salt Lake City, Utah. Paxton will re-open on March 4th and be ready to do business at their new location.

Paxton customers will be able to take advantage of the expanded store hours and visit the store between 7:00 am and 5:30 pm. Inventory will be moved from the Paxton facility to Industrial Supply for the re-opening. Members of the Paxton team will also have Industrial Supply's team of metalworking experts who will provide the same high level of customer service and metalworking expertise, ensuring Paxton's move is as seamless as possible.

Paxton executive, Bob Paxton, states, "This is an exciting time for both companies and we look forward to the many opportunities that this acquisition offers our customers. We hope our customers will look for us at our new location, with the inventory, products and personal service they have been used to. In addition we will now have the ability to provide additional services and products that we know our customers have been asking for. We're confident we will be in great hands with Industrial Supply."

###

**About Industrial Supply Company**

Industrial Supply Company has served the construction, manufacturing, mining, government and industrial communities since 1916. This Utah based maintenance, repair and operational, and production (MROP) distributor has seven locations in the Intermountain West, which serve Wyoming, Nevada, Utah, and surrounding areas.

In addition to supplies, Industrial Supply also offers customized services that enable customers to increase productivity and manage their inventory. These services include product specialist reviews, vendor management inventory (VMI), safety training, storage, and shelving design and tool repair.
